### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Scott Lund on January 25. It was agreed that the last rejection issued on 10/2/07 is dropped due to the declaration of prior invention under C.F.R. 1.131. filed by applicant on 1/7/08. It was also agreed that claims 33-50 are cancelled by the applicant.

### **REASONS FOR ALLOWANCE**

2. Claims 15 and 25 are allowed.

Following is the Examiner's statement of reasons for allowance.

The prior art of record and specifically Dutta (U.S. patent 6,891,635) and Kawai et al (U.S. patent 6,404,994) fail to suggest or disclose the collective feature of the invention such as: wherein the print processing system controller is adapted to query the customer for approval to associate the at least one of the advertisements with the print job, receive a response thereto, and associate the at least one of the advertisements with the print job if the response is favorable. These feature collectively with the rest of the limitations would render the claims 15 and 25 allowable.
